Speakers' Bio

Allen B. Reitz, Ph.D., Chief Executive Officer

Dr. Reitz has had 27 years of demonstrated accomplishment as a medicinal chemist in the pharmaceutical industry, including nearly 26 years with Johnson & Johnson. For 16 years at the Spring House, Pennsylvania facility of Johnson & Johnson he led the medicinal chemistry research effort in the area of the diseases of the central nervous system for both psychiatry and neurology. He is co-inventor as well as Team Leader, in most cases, for seven compounds that have entered human clinical trials, three of which are currently in the clinic (Phase I and II). He has ca. 130 scientific publications and 43 issued U.S. patents, and is the Editor-in-Chief of the journal *Current Topics in Medicinal Chemistry*. He has extensive experience in project and portfolio management, target validation, hit triage, hit to lead and lead optimization medicinal chemistry, eADME profiling, and preclinical candidate selection. He is also Adjunct Professor at Drexel University, College of Medicine.

Ms. Kathleen M. Czupich, Director, PA Center for Drug Discovery

Ms. Kathleen M. Czupich has over 20 years experience in business development and was the founding administrator for the IHVR and the Center. Ms. Czupich managed the financial and administrative aspects of the \$7.9 million grant to construct the Center and the resulting building project totaling more than \$14 million. She was also instrumental in the negotiation, financing and purchase of the adjacent building, expanding the PBC to 115,000 square feet. Currently, in her role as Director of the PCDD, Ms. Czupich works on business development, grants administration, and management for early stage technology based businesses.
