

Principle Scientists, scientists, and senior associate in Cell Biology, Protein Chemistry, Bio-analytical Chemistry and Assay Development

Dophen Biomed

Sacramento, CA

Dophen Biomed is a wholly owned subsidiary of CSPC. CSPC (<http://www.e-cspc.com/english/index.aspx>) is one of top pharmaceutical companies in China with revenue over 2.2 billion USD in 2010. It is investing heavily in five therapeutic areas: infection, cancer, cardiovascular disease, and neurological and metabolic disorders. As an integral part of CSPC's Biopharmaceuticals Research organization, Dophen Biomed focus on protein production, conjugation, and formulation technology to develop low cost and long acting protein and antibody therapeutics for the Chinese as well as world markets. We are now recruiting talented scientists and associates to join this newly established R&D site in Sacramento, California, in the following function areas:

1. Process optimization of protein conjugation
2. Assay development of Protein analysis
3. Process development of protein production
4. Cell line development of monoclonal antibody expression.

Requirements:

- M.S. or Ph.D. in Protein Chemistry, Biochemistry, or biological / pharmaceutical science.
- Solid hands-on experience in the following areas:
 - Mammalian Cell line construction for antibody expression
 - Fermentation
 - Biochemical and cell-based assays.
 - Protein conjugation/modification
 - FPLC, HPLC, CE, and MS/MS analysis of proteins/peptides

The successful candidates must have broad skills in protein drug development, are ambitious and versatile to work in a dynamic environment, and are willing to make extra effort to get things done. They are expected to work on multiple projects and handle multiple tasks. Must be legally authorized to work in the United States. Please send your CV and a cover letter through e-mail to: dophenbiomed@mail.ecspc.com or Dophenbiomed@gmail.com

Dophen Biomed provides generous salary package with benefit including 401K saving plan and company match, health and dental insurances. Compensation and title will be commensurate with experience.
